Session 2020-21

Class - III

Date. 27/04/20

Sub - Social Science

Chapter - 2 Round the World

Question & Answer

Q1. How was Earth proven to be spherical in shape and by whom?

Ans1 Ferdinand Magellan, a Portuguese sailor, kept sailing in the same direction for three years. He returned to the same place, thus proving that the earth is spherical.

Ques2. What makes the earth a unique planet?

Ans2 The presence of air and water makes the earth a unique planet.

Q.3 Distinguish between 'horizon' and 'coast'.

Ans3. Horizon - The apparent line where the land meets the sky is called horizon.

Coast - The place where the land and sea actually meets is known as coast.

Q.4 Define 'atmosphere.'

Ans4. The layer of air surrounding the earth is known a atmosphere.
