Language is the way we talk and share our thoughts. As we learn and grow, we become better at reading, writing, and speaking. Reading introduces us to new ideas, stories, and different cultures. It expands our knowledge. Writing allows us to express our thoughts clearly, and speaking helps us become more confident communicators.

In addition, we get to explore the world of literature. In literature, stories and poetry use words to create pictures. The literature conveys emotions, and delivers important messages. It's like a journey through the world of language, where words become our friends and tools to express ourselves and better understand the world. Language is a key that opens doors to knowledge and connection. It's a skill that stays with us throughout our lives. Language enables us to share our experiences, emotions, and ideas with others, making the world a more connected and expressive place.

Q2. Read the following passage carefully.

(1x10=10 marks)

The Amazon rainforest, often called the "Lungs of the Earth," is the largest tropical rainforest in the world. It spans across several countries in South America, including Brazil, Peru, Colombia, and Venezuela.

The Amazon rainforest is a biodiversity hotspot, home to an incredible variety of plant and animal species. It is estimated to house millions of plant and animal species, many of which are yet to be discovered. Among its inhabitants are jaguars, toucans, poison dart frogs, and a wide range of colorful birds and insects.

This rainforest plays a vital role in maintaining the planet's ecological balance. The dense vegetation absorbs carbon dioxide and releases oxygen, helping to regulate the Earth's climate.

Unfortunately, the Amazon rainforest faces numerous threats due to deforestation, illegal logging, and expansion of agriculture and livestock grazing. These activities destroy the habitat of many species and contribute to climate change.

Conservation efforts are crucial to protect the Amazon rainforest and its unique biodiversity. Several organizations and governments are working together to preserve this natural treasure for future generations.
