**Class: XI**  
**Subject: English**

**MM: 20**  
**Time: 1 Hr.**

**General Instructions:**

1. The Question Paper contains THREE sections-READING, CREATIVE WRITING & LITERATURE.
2. Attempt all questions based on specific instructions for each part.

**SECTION A- READING****Q1. Read the following passage:**

1. When planning vacations, Indians typically prioritize domestic destinations, as shown by Ministry of Tourism data indicating 1.7 billion domestic tourist visits within India compared to 21 million international departures in 2022. Uttar Pradesh, Rajasthan, Tamil Nadu, Andhra Pradesh, and Karnataka stand out as the top states for domestic tourism. Reasons for domestic tourism are many, some travel because it suits their budget while others love to explore the historical, cultural diversity. The government today is focussing on tourist-friendly infrastructure which is making travel more convenient for the domestic traveller.
2. In terms of outbound tourism, a significant proportion of Indian travellers, totalling 5.9 million, visited the United Arab Emirates in 2022, comprising 28 percent of total outbound tourist travel. Other Gulf states such as Saudi Arabia, Qatar, and Kuwait also rank among the top destinations, with 2.4 million, 880,000, and 830,000 Indian visitors, respectively. Additionally, countries like the United States and the United Kingdom attract a considerable number of Indian tourists because these countries offer a mix of traditional and contemporary experiences along with enjoying unique cuisines and diverse landscapes.
3. The popularity of Gulf States and the U.S. may be influenced by migration trends. The current issue of the International Organization for Migration's (IOM) World Migration Report highlights significant migration flows from India to the United Arab Emirates, the United States, and Saudi Arabia. For instance, the Emirates hosted approximately 3.6 million Indian migrants as of August 2023. Only via two corridors have more people transferred from one country to another as of 2020 according to the IOM: Mexico to the United States with around 11 million and Syria to Turkey with approximately 4 million. These migration corridors rank among the top ten globally.
